# THE SPRING FRESHETS.

## Considerable Damage to Property by the Rising Waters.

## NO FATALITIES REPORTED AS YET.

### The Delaware, Susquehanna and Schuylkill Rivers Spreading Over Cultivated Lands, Over Bridges, Piers and Canal Locks. Trenton Mills Obliged to Shut Down.

WILKESBARRE, Pa., April 11.—The Susquehanna river was eighteen feet above low water mark at 9 o'clock last night. The lowlands on the west side of the river, between Pittston and Buttonwood, are flooded. Many of the truck farmers had to remove their live stock to higher grounds in a hurry. The flood was unlooked for and the farmers on the lowlands will suffer the loss of an early crop of vegetables. John Merritt's farm on the Kingston road is covered by four feet of water. The water in the roadway between Wilkesbarre and Kingston is four feet deep, and the electric street car tracks are under two feet of water. It is feared that much more damage will be done.

### Piers Submerged at Bordentown.

BORDENTOWN, N. J., April 11.—There is a heavy freshet on the Delaware river at this place. The piers and docks are submerged, and one and one-half miles of railroad bed on the Amboy division of the Pennsylvania railroad, between this place and Trenton, are now under way. The Delaware and Raritan canal locks are covered with water to a depth of three feet. The Pennsylvania Railroad company has placed a number of heavy cars on the railroad bridge over Crosswick's creek, to keep it in position. Passengers were taken off in row boats, from a train which was derailed in two feet of water between this city and Trenton.

### A Disastrous Landslide.

LANCASTER, Pa., April 11.—Another disastrous landslide occurred last night at Conewago, midway between this city and Harrisburg, on the main line of the Pennsylvania railroad. Hundreds of tons of rock and earth came crashing down upon the tracks shortly before the mail train due here at 8:40 and at Philadelphia at 11:15 reached the spot. Both tracks are piled high with obstruction and traffic is blocked. Trains are being sent around by way of Columbia, but none has reached here since the landslide. This is the second mishap of the kind at the same place during the present week.

### Waters Running Over Railroad Bridges.

EASTON, Pa., April 11.—Not since Dec. 11, 1878, has the Delaware river been as high. The old Delaware bridge, built in 1805, is in danger. Floating debris has knocked off the lower part of the framework, and the water is within three feet of the structure. The Edison Electric Light plant, which furnishes power for the Transit company, is partly submerged, and the entire electric road is tied up. At Martin's creek the water is rushing over the piers of the railroad bridges crossing the Delaware, and two gravel trains are standing on the structure to weight it down.

### The Highest in Thirty Years.

FLEMINGTON, N. J., April 11.—At this point the river is higher than it has been for thirty years. The residents of Stockton fear that the canal locks will break above the city and flood them. The situation at Washington, N. J., is most alarming. During the storm lightning struck the roof of the general store of John Petty and tore the roof off. The water flooded the streets. Branch river, which separates the town, is overflowing its banks. Jacob Herring, a canal boatman, was struck by lightning and is not expected to live.

### The Schuylkill Again Rising.

READING, Pa., April 11.—As the result of the recent heavy rainfall, the precipitation having been over two inches, the Schuylkill river is over its banks at a number of points, and all its tributaries are much swollen. The rise is also attributed to the melting of the snow and ice, caused by the warm rain. There is still considerable snow on the north sides of some of the mountains and in narrow gorges into which it drifted.

### The Mohawk Also Rising.

LITTLE FALLS, N. Y., April 11.—The Mohawk river is rising fast, and if it continues much damage will be done throughout the valley, it having already overflowed the banks in many places. At Oriskany the river has risen until the surrounding country looks like a lake. At Ilion the flats are covered, and lack only about a foot from submerging the road running from the railroad to the village.

### Narrow Escape from Drowning.

SUSQUEHANNA, Pa., April 11.—The Susquehanna river has reached the highest point since 1865. Half of the Susquehanna-Oakland iron bridge was washed away. Several people who were on the structure at the time had narrow escapes, the most notable being the case of Arthur Christian, who was carried down the river with the debris and was rescued after two hours' work by the people on shore.

### Trenton Mills Flooded.

TRENTON, April 11.—The Delaware river is higher here than it has been since 1878, and is still rising. The lower floors of Walton's flour mills, S. K. Wilson's woolen mill and the Titus woolen mills are flooded, necessitating a shutdown. The river bed here is very wide, and no great damage is anticipated.

### Going Home by Royal Command.

CHICAGO, April 11.—Otto A. Dreier, Danish vice consul, left Chicago last night for Denmark with Gasta Blomgren, a poet from Finland, who is taken home by royal command. Blomgren has the distinction of being a protege of the dowager of the Empress Maria Feodorovna, a daughter of King Christian IX, of Denmark, and a sister of the Princess of Wales. The poet had written and sung for seven years in America in a vain endeavor to win fame and fortune, and failing of success wrote the empress asking to be sent back to Finland. A royal order resulted, instructing Dreier to return the homesick poet to his native land.

# YIELDED TO "PERSUASION."

## Twenty-three Men Agree to Arguments Backed by Four Hundred.

POMEROY, O., April 11.—Four hundred strikers and sympathizers from Syracuse, near New Haven, Hartford City, Mason and Pomeroy, massed at Minersville to force the men working in the Williams mine to lay down their tools and come out. They formed in ranks four abreast and marched up the street to the mine to await the appearance of the miners as they left the mines.

At 4 o'clock the men came out and were met by a committee of seven of the strikers, who used persuasive means to induce them to join the strikers. For two hours the twenty-three men held out stubbornly, with the 400 strikers massed about them on a vacant lot. They were assured by Master Workman Eli Thomas they would be amply cared for in case they joined the strikers. Once a riot was nearly started by Mrs. Americus Manley, wife of the leader of the non-union men, parading up and down the street with a revolver under her apron and declaring that she would shoot the first man that molested her.

Finally the non-union men surrendered, and agreed to join the strikers. This announcement was greeted by cheers, followed by a volley of pistol shots into the air, showing that the strikers were determined to succeed by persuasion or fight. All parties were determined, and made no attempt to conceal the fact. The affair has ended most fortunately in that there was no bloodshed, as expected.

An assault will be made on the Peacock mine on Saturday, it being now the only mine in the Bend not paying the two cent rate.

### Brooklyn Rioters Sentenced.

BROOKLYN, April 11.—Judge Moore, in the court of sessions, yesterday afternoon sentenced a number of prisoners who had been found guilty of rioting during the recent strike on the trolley lines. The sentences were: George Washburn, cutting trolley wires, one year and three months; Matthew Reynolds, Charles Olders, Henry Kelly, James Green, John Corrigan and Charles Battles for throwing stones at cars, one year each; John King, pulling down a guide wire of a trolley pole, nine months; Harry Howard, attempting to pull down a wire, six months; John Brown, obstructing a car by spilling ashes, six months; Louis Deitsche, placing a stone on a track, sixty days; John Everson, attempting to break wires, sixty days. They were all sent to the penitentiary.

### Brutal Punishment in a Russian Prison.

ST. PETERSBURG, April 11.—The inspector of prisons at Koongoor, in the government of Perm, while drunk, ordered that three prisoners who had tried to escape be beaten to death by the guards with the butts of their rifles. One of the prisoners was killed and the other two are dying from the effects of the injuries inflicted upon them.

### The Dickinson Jury Disagrees.

SCRANTON, Pa., April 11.—The jury in the case of Anna E. Dickinson against Dr. Underwood, Dr. Hileman, John M. Bryden, George B. Thompson and others, after being out for seventeen hours, was discharged, not being able to agree upon a verdict. The majority of the jurors, it is said, favored a verdict in favor of the plaintiff.

### Killed by an Exploding Boiler.

CHICAGO, April 11.—The boiler of the Lebanon Brick works at Lansing, Ills., exploded, killing an unknown man and injuring several others. About seventy five men were employed at the plant.

### Oscar Wilde's Books Withdrawn.

LONDON, April 11.—The British museum has withdrawn from public use in the library the books in its collection of which Oscar Wilde is the author.

### Two Children Killed by Lightning.

PHILADELPHIA, April 11.—Sadie Stinger, 11 years old, and Willie Bradley, aged 12, were struck by lightning and instantly killed in a patch of woods near Fifty-fourth street and Warrington avenue. The parents of the children are truck farmers of the vicinity, and the little ones were out after school hours picking dandelions for market when overtaken by the storm that ended their young lives. Their clothing was greatly torn and their faces badly disfigured by the shock.

### Umra Khan Tired of Fighting.

SIMLA, April 11.—Umra Khan, chief of Jandol, against whom a large British force is carrying on a campaign, growing out of his invasion of Chitral, has released the Sepoys recently captured by his forces. The Sepoys have reached the British forces and report that Lieutenants Edwards and Fowler, who were also captured by Umra Khan, are still held as prisoners. The Sepoys assert that Umra Khan is unwilling to further fight the British.

### Struck an Old Blast.

MELROSE, Mass., April 11.—While six Armenians were engaged in blasting out rock in Baxter street the drill struck an old blast of dynamite, and an explosion followed. One of the men had both arms blown off and was badly cut about the body. Another had an arm blown off and one eye put out. They will probably die. The other four men escaped with bad bruises about the head and body.

### Ex-Speaker Peel's Successor.

LONDON, April 11.—Mr. William Court Gully, member of parliament for Carlisle, the government candidate, was elected speaker of the house of commons, in succession to Sir Arthur Wellesley Peel, who resigned last Monday, by the narrow majority of eleven. The Parnellites voted against the government. Mr. Gully, in politics, is a Liberal who supports Mr. Gladstone's Irish policy.

### Absconded with Borrowed Money.

FENTON, Mich., April 11.—Walter M. Wadley, a prominent farmer and drover, has absconded with about $5,000 which was loaned him by the bank at Byron. He recently made a profitable trip to Buffalo with stock, returning with $6,000 in New York drafts. His family have no knowledge of his whereabouts, and his property is heavily encumbered.

# AGAIN THE INCOME TAX

## Another Suit Against It Brought in New York.

## A RAILROAD COMPANY DEFENDANT

### A Stockholder of the Illinois Central Asks That the Company be Restrained from Paying Tax on Its Income, Because It Is a Direct Tax.

NEW YORK, April 11.—Another suit to test the constitutionality of the income tax has been instituted in the circuit court of the United States here. It is an action in equity brought by Charles Allen, of Greenfield, Mass., against the Illinois Central Railroad company et al. The counsel of the complainant are Joseph H. Choate, Clarence A. Seward, William Guthrie, David Willcox and Charles Steele.

In his bill of complaint the complainant, after setting forth the organization of the railroad company, the amount of personal property held by it, and other matters in relation thereto, declares that he is informed that the company intends to pay, under the provisions of the income tax law, a tax of 2 per cent. on all its net profits and income for the year 1894.

The bill then avers that the income tax law is unconstitutional, in that if said tax is collectible upon the company's income and profits it is a direct tax in respect of the railway property, fixtures and appurtenances operated and owned by the defendant company by being imposed upon the income and profits thereof, the same being real estate, and is likewise a direct tax in respect of its personal property by being imposed upon the income and profits thereof, which direct taxes are not apportioned among the several states, as required by the constitution of the United States.

It is further averred that if the income tax be held not to be a direct tax then its provisions are nevertheless unconstitutional in that they are not uniform throughout the United States as required by the constitution. The non-uniformity of the law is then pointed out at length, after which the bill declares that the exemption of mutual insurance companies, building and loan associations, savings banks and institutions constructed on the mutual plan, etc., is unconstitutional in that these exemptions operate to arbitrarily free said companies from the payment of their just proportion of taxation.

The bill further sets forth that the tax is unconstitutional for the reason that it impairs vested property rights, that all persons or corporations taxed may be deprived of their property without due process of law, and that all persons or corporations taxed may be compelled to produce and disclose their private books and papers in order to make them liable for a penalty or to forfeit their property, all of which is against the express terms of the constitution.

The complainant, therefore, prays that the defendants be restrained from voluntarily complying with the income tax law, and that he be granted such other relief as the court may deem meet.

### The Test Case of Broker Moore.

WASHINGTON, April 11.—Jere M. Wilson, counsel for John G. Moore, of New York city, in his income tax suit when asked regarding his intention to again test the law, said: "It will be essentially the old issue over again, except that it will be presented to a full bench, and the decision therefore will be decisive one way or the other. The purpose of the new suit will not be so much to raise new questions as to present the question for final adjudication. There is no doubt that the law will be passed on finally and decisively sooner or later." By the time the case is ready for argument in the supreme court it is expected that Justice Jackson will be sufficiently recovered to permit him to return to the bench or that his successor will have qualified.

### Arrested on a Bigamy Charge.

PHILADELPHIA, April 11.—William Bleoo, aged 24 years, who ran away from Ogdensburg, N. Y., last September with a girl named Blount, with whom, it is said, he has since been living in this city, was arrested last night on a charge of bigamy. The police claim that he left a wife and four children in Ogdensburg, which was his former home. Bleoo denies that his relations with that woman constituted anything more than a common law marriage, but he admits being married to the girl who accompanied him here.

### Crushed to Death in a Sewer.

CHARLOTTESVILLE, Va., April 11.—Considerable excitement was caused here when the news spread over the town that the eleven foot sewer ditch which was being constructed had caved in, burying four colored laborers beneath a mass of earth. A relief party rapidly worked to extricate the men, and three of them were taken out alive. George Whitney was dead, his skull having been crushed by the cavein. His aged father is not expected to survive. The others were more or less injured.

### The Conductor Censured.

HAZLETON, Pa., April 11.—The coroner's jury in the cases of the four victims of the recent trolley disaster at Jeanesville rendered their verdict yesterday. They find that the accident might have been avoided if the rear brakes on the car had been properly and promptly applied, and censure the conductor of the car for not having had the "ability and presence of mind and aptitude which are necessary to one occupying the responsible position of conductor."

### Smallpox in Old Rags.

CLEVELAND, April 11.—Another case of smallpox was discovered yesterday, the victim being a Bohemian employed in the Muhlhauser Woolen mills, where a girl was found suffering with the disease on Tuesday. Both were engaged in sorting old rags, and the health officers now say it is clear they contracted the disease from this source. A wholesale vaccination is being made among employes of the mills.

# THE STAMP COUNTERFEITER.

## The Canadian Supply Company Manager Known as George Morrison.

HAMILTON, Ont., April 11.—The person who is supposed to have sent out the counterfeit United States postage stamps, as announced in a dispatch from Chicago yesterday, came here several weeks ago and gave his name as George Morrison. He is about 30 years of age. He said his business was buying and selling bankrupt stocks. April 2 he rented an old paint shop on King William street and opened the Canadian Novelty and Supply company. He engaged Mrs. Mack as clerk. Next day he departed, saying that he was going to Toronto to establish a branch there. On April 5 Mrs. Mack got instructions by letter to send an advertisement to different papers offering $115 worth of United States two-cent stamps for sale for $100. She was led to believe that Morrison got the stamps in payment for goods.

Under his instructions she sent away seven closely sealed express packages, all addressed to different people in Chicago. Since that time she has received a letter from Buffalo signed by Morrison, instructing her to pay all money she had belonging to him to a man who would identify himself by asking for $6.25. Up to date, however, she has not received any money, nor has any person called to identify himself by asking for $6.25. The only other communications she has had from Morrison was a letter instructing her to send all his mail matter to the Toronto general delivery office.

Mrs. Mack has been arrested by United States secret services officers on a charge of fraud.

### Looks Gloomy for Ohio Miners.

MASSILLON, O., April 11.—President Ratchford, of the Ohio Miners' association, says the outlook is so gloomy that it is impossible to predict from one day's end to another just what is going to happen. "The Ohio operators," Mr. Ratchford says, "are disposed to deal fairly with the miners and will pay any price within reason, whether it is sixty cents or more, if they can secure such conditions as will enable them to compete for business. For years it was the rule to pay thirteen cents more for coal in western Pennsylvania than in Ohio, and this continued until 1887, when, because of the introduction of natural gas and for other reasons, the differential was reduced to nine cents. Now these same operators in Pennsylvania propose to pay sixty cents, which is the present scale rate in Ohio. The contest can only result in grinding down the wages of the already underpaid miners.

### A Venezuelan Consul Resigns.

NEW YORK, April 11.—Dr. Rafael Carabano, consul general of Venezuela, has resigned, and sailed for home this afternoon. His letter of resignation goes by the same steamer. Several months ago, the consul attended a dinner at the Windsor hotel given by General Jose Hernandeze, one of the Venezuelan refugees, to his countrymen in this city. Learning that President Crespo was displeased with his reported conduct he decided to resign.

### Run Down by a Train.

SHAMOKIN, Pa., April 11.—Morgan Lewis and his wife were run down by a Lehigh Valley passenger train while walking over a trestling near Lancaster switch. The man saved his life by jumping into the creek beneath, but his wife was struck by the locomotive pilot before she could clear the track. Her body was hurled into the stream, and when it was recovered she was already dead, and the remains terribly mangled.

### A Disgraced Methodist Minister.

KINGSTON, N. Y., April 11.—The select committee on the Goss case reported to the New York Methodist conference the following verdict: "We find W. R. Goss guilty of the charge of immoral conduct, and he is hereby expelled from the ministry and also from membership in the Methodist Episcopal church." His counsel, Rev. J. A. B. Wilson, appealed to a judicial conference.

### Society Ladies Indicted for Gambling.

FORT SMITH, Ark., April 11.—The state grand jury now in session is making a hot fight on gambling. It has just leaked out that they have returned indictments against several prominent society ladies for playing progressive euchre for prizes. Many sensations are expected before the grand jury adjourns.

### Murdered in Her Home.

NEWARK, N. J., April 11.—Joseph Buck, a German, yesterday afternoon murdered Mrs. Jessie Williams in her home. The woman's husband was away at work at the time of the tragedy, but their two children were in the house. The cause of the murder is not known.

### Mr. Mansur Nearing the End.

WASHINGTON, April 11.—The illness of Hon. Charles H. Mansur, of Missouri, has taken a turn for the worse, and his physician fears he cannot live twenty-four hours.

## NUGGETS OF NEWS.

An amnesty has been granted to all refugees from Venezuela.

It is officially denied that there is any quarrel between Argentina and Chile.

An Iowa judge decides the law giving women the right to vote in school elections is unconstitutional.

United States Senator John M. Palmer announces that he will fight the free silver Democrats of Illinois.

General Duchesne, commander of the French expedition to Madagascar, has started for that island.

Mrs. James, wife of ex-Postmaster General Thomas L. James, died of pneumonia in New York last night.

Francis Kossuth, son of Louis Kossuth, the Hungarian patriot, has been elected to the Hungarian reichstag.

# CUBAN INDEPENDENCE.

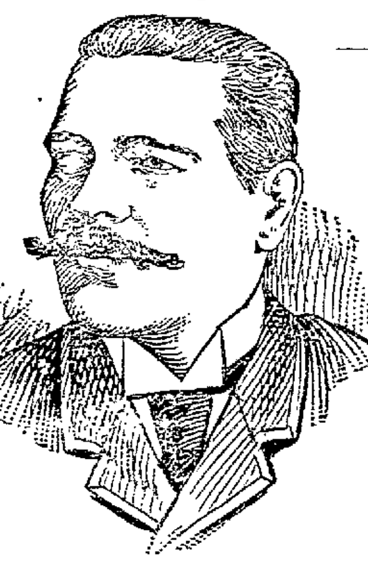
## The Declaration of 1869 Celebrated at Tampa.

## CHEERING REPORTS FROM CUBA.

### The News Received by Cuban Adherents in This Country Is in Direct Conflict with That Which Reaches Us from Spanish Sources.

TAMPA, April 11.—The elite of Cuban society gathered last night in response to the call for a celebration of the greatest event in the history of the revolution of 1869—the declaration of independence. The Liceo Cubano was crowded as never before. Aisles, windows and doors were packed, and an audience whose quick applause bespoke patriotism was before the speakers. Ladies, old and young, little boys and gray headed veterans, all participated, while a Cuban band discoursed patriotic airs.

Editor Ramon Rivero Y. Rivero, as chairman, made the first address. Jose G. Rivero read a resume of the work of the revolutionary party during the past year. Fernando Figueredo was greeted with great applause. His speech was patriotic in the extreme. A telegram was read announcing that a big battle had been fought and won by the Cubans at Ramon de Las Yaguas. A telegram from Cuban sources confirms Guillermon's death. The program continued until midnight. It was the largest meeting ever held in the Liceo, and has created fresh interest in the cause.



MAJOR GENERAL ANTONIO MACEO.

Late reports from Havana assert that the steamer Manuelita has just arrived from Santiago with more than 300 wounded Spanish soldiers. They were taken to the hospitals their because the hospitals at Santiago are crowded. A letter from Santiago mentions a battle as Trocones, near the Canto river, in which the Spanish general Salceda, with 1,000 men, engaged a band of revolutionists under Rabl, about March 26. The Spanish loss was said to be 380, while the Cubans lost four killed and thirty-nine wounded. The Spanish troops were mostly boys, the letter states, and in the battle pity was taken on many who were caught and their life spared.

Maceo has organized a large force in Santiago province. Since his arrival 800 soldiers who fought under him in the former revolution have joined him. They are principally from Majaquabo, Maceo's old home.

Tampa's Cubans, after ceasing their daily work, indulge in target practice with Winchesters outside the city limits.

Tuesday night Jose Marti was elected as delegado, or president, and Benjamin Guerra as treasurer. This is their third consecutive election. Gonzalo Quesada, as secretary, acts under appointment from Marti.

### Sympathy of Florida Legislators.

TALLAHASSEE, April 11.—The state senate adopted a resolution "that the senate of Florida most heartily sympathizes with the Cuban patriots in their efforts to free Cuba from foreign control, and to obtain for the people of that island the right to self government so much prized by us, believing they have the same reasons for their actions that our forefathers had, of whose actions we are so justly proud."

### Seven Thousand Cigarmakers Out.

NEW YORK, April 11.—The cigarmakers employed in the factories in this city in making Havana cigars, and who struck fifteen weeks ago, are still out. The strikers claim that the manufacturers had conspired against them in an effort to reduce their wages. To a reduction the men would not concede, and an order was issued forthwith from the Spanish Cigarmakers' union calling upon them to quit work. That this mandate was obeyed is evidenced from the fact that there are 7,000 cigarmakers idle in the city today.

### Brewery Workmen Want More Beer.

OMAHA, Neb., April 11.—An attempt was made to settle the strike of the journeymen brewers. All the boss brewers of the city met and drew up a contract to be signed by the union. This contract proved satisfactory except one clause, which provided that workmen be furnished beer at 9, 11, 12, 2, 4, and 6 o'clock. The workmen refused to sign unless the clause was changed to free beer every hour. The workmen in every brewery in the city are out.

### Carlisle for United States Senator.

LEXINGTON, Ky., April 11.—The Leader publishes an interview with a Kentuckian just returned from Washington, who is close to Secretary Carlisle and family, and who says that the secretary will surely be a candidate for senator from Kentucky to succeed Blackburn. Blackburn is quoted in Washington as saying that Carlisle would be his most dangerous competitor.

### Bishops Cannot Hold Property in Trust.

LANSING, Mich., April 11.—The senate yesterday took from the table and passed the Jamison bill, repealing the law under which Roman Catholic bishops can hold church property in trust. It had but one dissenting vote.

## THE JAPANESE DEMANDS.

**Seven of the Eight Terms of Peace Agreed Upon.**

WASHINGTON, April 11.—The cable reports that seven of the eight terms of peace between China and Japan have been agreed on occasions much speculation here as to the eight terms on which Japan insists. The Japanese legation has received no cable in many days, and the officials say they have no information of the eight conditions.

There is no doubt, however, that five of the most essential conditions are those given in these dispatches at the outset of the negotiations, viz., a new Japan-China treaty conceding Japan extra territorial courts in China, but denying the latter country extra territorial courts in Japan, independence of Corea, an indemnity of about $200,000,000, occupation of Port Arthur and Wei-Hai-Wei for a term of years, cession of the Island of Formosa.

These five terms are now fully confirmed by the later developments of the conference. Three additional ones have now been added and these, it is believed, relate to trade matters. Which one of these eight terms of peace is the cause of delay is not known here.

**A Brute at Large in Camden.**

CAMDEN, N. J., April 11.—On Tuesday night Mrs. Rosanna Carroll, aged 60 years, was sitting in a second story room of her house at Third and Cherry streets when a negro entered and attempted to assault her. When she resisted he drew out a razor and threatened to murder her. A struggle occurred, in which the woman's fingers were cut by the weapon, and in the ensuing excitement her assailant escaped yesterday morning. Mrs. Bell, who lives a few doors from the Carroll house, was awakened by a negro in her room. He also threatened her with death if she made an outcry, but his voice aroused her two daughters, who rushed into the room, and the man escaped. It is supposed that the same man committed both assaults.

**Hypnotism Not Recognized as a Defense.**

TOPEKA, Kan., April 11.—Chief Justice Horton of the Kansas supreme court explains away the general acceptation that the court had recognized hypnotism as a defensive plea in a murder case. The facts in the case are these: A man named Gray procured a gun and incited a man named McDonald to kill one Patton. Gray made McDonald believe that Patton was traducing the character of Mrs. McDonald. McDonald, who did the killing was acquitted. Gray was convicted in the lower court and the supreme court affirmed the decision. The case will be known far and wide as the "hypnotic case." Judge Horton says the acquittal of McDonald seems to have been a miscarriage of justice.

**Convicted of Wife Murder.**

DANVILLE, Va., April 11.—The trial of Jacob E. Modlin, charged with the murder of his wife, came to an end last night. The jury was out one hour and five minutes, and rendered a verdict of guilty of murder in the first degree.

**Killed by a Trolley Car.**

PHILADELPHIA, April 11.—William J. Grant, aged 14 years, was run over and killed by a trolley car at Fifteenth and Cherry streets. The wheels passed over his head, taking off the entire top part of the skull.

**An Incendiary's Confession.**

LANCASTER, Pa., April 11.—Harry L Stehman, of Rohrerstown, son of ex-State Senator John M. Stehman, surrendered himself at Alderman Rife's office and asked that he be sent to jail. He stated that he set his tobacco warehouse on fire, and to ease his conscience he desired to go to jail, so that he could be punished for his crime. Stehman was at one time rich, and failed in business. The supposition is that his mind is affected. He was taken to prison. There was insurance on the building and contents, which was totally destroyed yesterday morning.

**Price Indicted for Murder.**

DENTON, Md., April 11.—The grand jury presented Marshall E Price for the murder of Sallie E Dean, the 14 year-old school girl, near Harmony, on March 26. The jury found no bill against U Grant Cochran. In a statement made to the police by Price, Cochran was implicated in the tragedy, but thus far the authorities have failed to find any evidence against him. Price will be tried at a special session of the court on April 30.

**Stricken Down with Apoplexy.**

MAUCH CHUNK, Pa., April 11.—Ex-Senator William M. Rapsher was stricken with apoplexy in court yesterday afternoon. Medical aid was summoned and he was removed to his home, where he lies in a precarious condition. The ex senator is a member of the Carbon county bar, and was making a plea in the Maloy libel case when the stroke fell.

**Taken to Port Arthur.**

TIENTSIN, April 11.—The British steamship Yik Sang, which was captured by a Japanese man of war outside of Taku, having on board 220,000 cartridges, shipped at Shanghai by a respectable German firm as "bamboo and steel," has been taken to Port Arthur.

**Mother and Babe Instantly Killed.**

MYSTIC, Conn., April 11.—Mrs. Anthony Packer and her 6-weeks'-old child were struck by the consolidated flyer while walking on the track through Murphy's Cut at noon and instantly killed.

**Two Lives Saved.**

Mrs. Phoebe Thomas, of Junction City, Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. ## RAPIDLY BREAKING DOWN.

MRS. S. BATES TELLS THE STORY OF HER SUFFERINGS.

**How She Was Cured By Munyon's Little Pellets After Physicians Had Failed.**

Mrs. S. Bates, of Cecil, N. J., adds her testimony to that of the thousands who have been saved from a life of suffering by Munyon's Remedies. She said: "I had suffered greatly with indigestion and stomach trouble. Everything I ate distressed me. I was nervous and fretful and rapidly breaking down. Physicians had failed to help me, nor did any of the many remedies I took relieve me until I began using Munyon's Dyspepsia Cure. The result was astonishing. After taking but three doses I felt greatly improved, and after taking one 25 cent bottle I was entirely cured."

Munyon's Stomach and Dyspepsia Cure cures all forms of indigestion and stomach troubles such as constipation, rising of food, distress after eating, bloating of the stomach, palpitation of the heart, shortness of breath and all affections of the heart caused by indigestion. It soothes, heals and invigorates stomachs that have been weakened by over-eating, or where the lining of the stomach has been impaired by physic and injurious medicines. Price 25 cents.

Munyon's Homeopathic Home Remedy Company, of Philadelphia, put up specifics for nearly every disease, which are sold by all druggists, mostly at 25 cents a bottle.

Those who are in doubt as to the nature of their disease should address Professor Munyon, 1505 Arch street, Philadelphia, giving full symptoms of their disease. Professor Munyon will carefully diagnose of the case and give you the benefit of his advice absolutely free of all charge. The Remedies will be sent to any address on receipt of retail price.

## THE PORT JERVIS CO-OPERATIVE INSURANCE CO.

**Now Ready for Business—An Outline of Its Plan for Cheaper Insurance.**

The Port Jervis Co-operative Fire Insurance Co. has completed its organization and is now ready business.

The general plan for the first year is to levy an assessment upon each individual for one year's insurance at the same rate he is now paying, and no further assessment for fires will be levied until ninety per cent. of the funds, thus accumulated, has been expended. It is believed that, under a careful selection of risks, such an assessment will pay the insurance of at least two or three years. The secretary of a similar association doing business in some of the western towns of Sullivan county, stated at a recent visit in Port Jervis, that only one assessment had been paid his company in five years.

**Carpetmakers on Strike.**

PHILADELPHIA, April 11.—Two hundred men employed in the tapestry department of John & James Dobson's carpet mills at Falls of Schuylkill have gone on strike because of the refusal of the firm to restore the scale of wages paid before a 15 per cent. reduction was made about a year ago. Twelve loom fixers in the plush department have also gone out for the same reason, throwing 300 plush weavers out. There is talk among the men of closing down the whole plant, which employs about 1,800 hands, out of sympathy for this strike.

**Two Bodies Still in the Ruins.**

WHEELING, W. Va., April 11.—A large force of men worked all day yesterday clearing away the debris of the ruined buildings of T T. Hutchison and Chapman & Son, which fell on Tuesday, but the progress was necessarily slow. Only one body was recovered, that of Harry Cowl, the messenger boy who was buried in the alley. He was found standing upright with his arms elevated about his head, as if to ward off the falling bricks. At midnight the body of Eugene Birch was recovered from the Hutchison store. His head and legs were burned off. The bodies of Robert Wincher and Mike Houran are still in the ruins.

**Oyster Boats Confiscated.**

PRINCESS ANNE, Md., April 11.—On Friday last several vessels were confiscated by Justice King, of Oriole. The vessels had been used in dredging unlawfully in Manokin river, Somerset county. On Saturday night about 12 o'clock an attempt was made to rescue one of the confiscated boats from the officers. A number of citizens joined the officers, who opened fire on the boat which was being towed out. The rescuers, seeing the danger of passing with the vessel in tow, let her adrift, and were thus foiled in their purpose.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address,

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50 cent bottles, but it is manufactured by the California Fig Syrup Co only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

## THE TEACHERS' INSTITUTE.

### The Third Day's Interesting Proceedings—Last Lecture on Drawing—The Teaching of History—Instruction in Percentage -- Corporal Punishment Discussed

Specially Reported for the DAILY ARGUS.

GOSHEN, April 10.—The third day of the Institute opened brightly as regards weather, for which all are glad.

With relation to the opening of the third day of the Institute the same thing can be said. The conductor is winning golden opinions from the teachers. His methods commend themselves to everyone's good sense.

As an opening selection, "How Gentle God's Commands" was sung. The first chapter of Ruth was read, followed by the Lord's Prayer, after which the teachers prepared themselves for a busy day by singing, "Work, for the Night is Coming."

Roll call was next in order, after which Miss Rice resumed her work in drawing. This should have occupied the second period, but Miss Rice had to leave earlier than she expected, in order to meet her next appointment at Owego, and so she was given the first place on the programme. She continued the work on perspective, begun the day before, and gave much valuable information regarding questions asked by the department, but which have not yet been satisfactorily answered. It is as easy—when one knows how—to prove the correctness of a drawing as to prove a multiplication example The thing is to know how, but there seems to be no short cut to that knowledge.

At the conclusion of the time allotted Miss Rice, the teachers gave her very hearty applause, showing their appreciation of her work.

THE TEACHING OF HISTORY.

After recess the singing of "Columbia, the Gem of the Ocean" was a sign that a subject calculated to inspire patriotism was coming. Professor Hendrick's next subject was "History. What is it?" He began by saying that there are two subjects which seem to be hard for teachers to pass the examinations in, viz: Drawing and history. He said the percentage of those who passed these subjects in the last examination was only sixteen, thereby showing a necessity for greater study and different methods in the same. He then went on to show a very good way of teaching the subject of history. To begin with, take a topic, as, for instance the discovery of the Mississippi, show why the discovery was an important event and then bring in events connected with the history of the river up to the present time. This will make a continuously interesting story, the events will become real the personages taking part in those events will become as interesting as real flesh and blood people. In other words, we shall get to know them, and when you come to systematize what you really know, you begin to be surprised at the smallness of it all, so much passes for knowledge that cannot be classed under that head.

How far should we go in insisting on the memorizing of dates? This subject has been given much time and attention by extremists at both ends of the line, but the conductor believes, like Josiah Allen's wife, in a "mejium" course. There must be some memorizing of dates, but if one has an intelligent idea of the event connected with the date, the number itself sticks in the memory. This method enables one to give approximate dates easily and quickly.

Now, it is often said by pupils that they will study algebra, geometry, etc., but that history can be read through any time. This is a great mistake; there is no study in which the help of an intelligent teacher is required more than in history. Real study of this subject makes good American citizens.

THE MISSOURI COMPROMISE.

The conductor, in illustrating the way in which a class once studied the subject of the Missouri compromise, (which, by the way, was pronounced by them, "com-prom-ise,) spoke of a man and woman getting married. It was a rather critical thing to do in the eyes of the gentleman's friends, for the lady was of a decidedly firm character. However, all went so well that his friends were happily disappointed. At last, one of them, more intimate than the rest, ventured to ask the reason of the harmony. "Well," said the gentleman, "You see, we made a little agreement in the beginning, and we each keep to it, and all goes well. You see, I wanted cotton sheets and she wanted linen, so we compromised on linen."

A recess was then taken, after which "The Star Spangled Banner" was sung. The subject of history was then resumed by Professor Hendrick. He spoke of different ways of interesting pupils in the subject, among them being the reading of historical fiction, which is likely to lead to a desire for more solid matter. He mentioned a number of books on this subject.

AFTERNOON SESSION.

The Institute was called to order at 2 p. m., when the conductor introduced Proffessor Lattimer, professor of mathematics in the New Paltz Normal School. Prof. Lattimer took up the subject of "Percentage, and the modes of expressing it." He kept things lively, and no one knew who would be called upon next to answer his questions. His idea seems to be—"be sure that you know, and why you know." In a life which holds so many uncertainties, as life on this planet, absolute knowledge of a matter is a good sort of plank to cling to.

After recess, the part-singing of the day before was repeated, by request. One can get very hearty singing this way

CORPORAL PUNISHMENT DISCUSSED.

The last period of the afternoon was devoted to a discussion on the subject of "Corporal Punishment," opened by Professor Hendrick. He defined the subject, stating the law concerning it. It is a matter of surprise to some people that the law gives a teacher the same rights as a parent over a child, but this is so. The discussion was given at the request of many of the teachers, who feel a deep personal interest and sympathy for two of their number who have been made to suffer great annoyance and inconvenience for exercising their just rights over refractory and disobedient pupils.

Mr. Tracy, of Goshen, followed the conductor. He spoke very much to the point regarding the final resort to such punishment, when other means have failed. Mr. Hoffman then spoke of his dislike to punish, but conceded the necessity of it. He was succeeded by Mr. Wilson, of Chester, who gave some extremely sensible ideas regarding the matter. After him came Mr. DeWitt, of Slate Hill, who also spoke well and to the point. Mr. Frazer, of Montgomery, then spoke advocating every other means to be tried first. Mr. Elston, of Tri-States, spoke of his experience regarding the matter and was followed by Mr. Quick, a former teacher, who read the law on the subject. Mrs Kaufman spoke last and showed that while teachers must have some means to compel the obedience of those whom other means will not reach, yet teachers, almost without exception, never punish until they have tried everything else. This is a fact that can be proved in ninety-nine cases out of every hundred.

The consensus of opinion was that teachers not only have much reason to exercise patience, but that they do exercise it, and that if parents would only co-operate with them much trouble would be avoided and great good done for the children.

LEG CRUSHED LENGTHWISE.

WEEKS OF SUFFERING RELIEVED.

*From the Altoona Pa., Mirror.*

Up to July 24th last, Eli A. Booser of 814 Second avenue, had charge of the wheel foundry of the Pennsylvania railroad. On that date he was the unfortunate victim of an accident. He was run over by a car, the flange of the car wheel entered between the toes crushing the left leg lengthwise up to the knee, and rendering amputation necessary to within eight inches of the hip. After nine long months at the Altoona hospital, and a still longer siege at his home, he found himself in a deplorable condition.

"At this time," said Mr. Booser to a Mirror reporter, I broke out on my arms, back and hips; my right leg was a terrible sight. The calf below the knee had two boils on. I could not sleep, no appetite, and was unable to use my crutches for six weeks. My physicians seemed to do all they could for me, but I was in a very weak condition. I could not digest the simplest food without difficulty. So I made up my mind to try Dr. David Kennedy's Favorite Remedy, and before I had taken five doses, I could see improvement. I feel that I will soon be able to return to work. I have no trouble with digestion, and the annoying weakness that afflicted me so long has entirely disappeared."

Dr. David Kennedy's Favorite Remedy is an unfailing specific for such diseases as rheumatism, neuralgia, biliousness, dyspepsia, kidney and liver complaints. In Bright's disease, diabetes, urinary troubles, and the sickness peculiar to women, it has cured where all else failed.

A. E. NICKINSON, - BUSINESS MANAGER

THURSDAY, APRIL 11. 1895.

Under Democratic rule, one man was able to inspect the 24th. Under Republican rule it takes an Inspector General and an aid. The latter is about as useful as a plumber's assistant, and serves the same purpose,—makes the job more expensive.

For public libraries to take from their shelves the books of Oscar Wilde, in which there is nothing objectionable, because Wilde has turned out to be a moral leper, is about as sensible as it would be to revise the Psalms out of the Bible because of the Uriah's wife incident in the life of David.

From an outside point of view, Bishop Newman seems to have done the best possible thing in not returning Dr. Darwood to St. Paul's. It is better for Dr. Darwood to go to a new field of labor, better for the church in this city that a new pastor should come to minister to it. The lines of division in the church were so distinctly drawn and the issue was so purely personal to the late pastor, that had he been sent back to Middletown for even another year, nothing less than a miracle could have prevented the breach from growing wider until it threatened the very disruption of the church.

The new pastor has a difficult task, but it will be made comparatively easy if the judgment of the Bishop as to what is best for St. Paul's is accepted in the true Christian spirit. There should be no exultation on the part of those who did not desire Dr. Darwood's return, no sulking on the part of those who were loyal to the personal fortunes of their pastor. There is a rare chance to forgive and forget. If this spirit prevails, dissensions will be healed and the church will become what it has been in the past, a tower of strength and a power for good in the community.

## LIGHTNING'S WORK

### The "Bluff House" and a Barn Near Greenville Struck—Cattle Killed.

During the storm of Tuesday, lightning struck the Bluff House, on the Milford road. A little child's feet were badly burned by the fluid, which followed a crack in the floor.

The barn on the Frazer Bodle place, on the Greenville turnpike, was struck, Tuesday night, but was not greatly damaged. A Holstein bull and a cow, which were in the barn, were killed.

### Fire in Port Jervis.

The grocery store of Thos. J. Bierne, in Port Jervis, was burned, yesterday morning. The building was almost destroyed and the stock of goods and the furinture in the living rooms over it, were ruined by fire, smoke and water.

### Monhagens' Clambake.

A large attendance is expected at Monhagens' clambake, to-night, and 6,000 clams have been ordered. A fine entertainment will be given during the evening, under the direction of Frank O. Weed.

### The Bowling Record Broken.

Motorman N. D. Mills made a score of 238 points at Randall's alleys, this morning, breaking Mr. H. B. Kingsland's record breaking score of 215, which was made, yesterday.

### Who Owns These Things?

Alfred Smith, of near Howells, brought to this city, to-day, a box containing watch springs, watch crystals, tools and other articles, which had been thrown over a fence by a tramp whom he chased out of his barn.

## ESCAPED FROM MATTEAWAN ASYLUM.

### Big Rewards for the Capture of Train Robber Perry and Four Other Criminals Who Got Away Last Night.

BY UNITED PRESS.

NEWBURGH April 11.—The authorities of the Matteawan Asylum for the Criminal Insane have offered a reward of $50 each for the capture of Train Robber Perry and four other criminals, who escaped from that institution, last night. This is in addition to the $200 reward offered by the State for the capture of each man. It is a mystery how the men disappeared so quickly and the authorities of the asylum believe they are secreted around the buildings.

Up to 10 o'clock none of the escaped prisoners had been captured.

## ERIE RECEIVERS' CERTIFCATES.

### An Issue of $4,000,000 Authorized by Judge Lacombe.

## PERILS OF THE WASH BOILER

### A Woman's Face and Hands Burned With Naphtha.

Mrs. George Ludlum was quite badly burned at her home on Sprague avenue, this morning. Her husband, who is employed in the Standard Oil Works, had soaked his overalls in naphtha to take out the grease and, this morning, Mrs. Ludlum put them in the wash boiler on the stove. While she was stooping over the boiler the naphtha took fire and flashed into her face, burning it and her hands quite badly.

### Collected Only Three-Fourths of the Claim

Seven boys ranging in age from eight to sixteen years were marshalled in Recorder's Court, this afternoon, to answer the charge of breaking into a house on Wisner avenue belonging to Oliver Crawford and damaging it to the amount of $21 60. The father of one of the boys thought the claim for damages excessive, and finally the boys paid $2 each and were allowed to go.

To You

The Most Important

Matter demanding attention at this season is the condition of your blood.

Your health depends upon it, for as the quality and quantity of the blood vary, you are better or worse.

The blood conveys all the elements which go to make up the organs, nerves and tissues of the body, and carries away all dissolved, useless material.

Every bone, muscle, nerve and tissue, lives upon what the blood feeds to it.

The whole world knows that Hood's Sarsaparilla is the standard remedy for making pure blood.

It possesses merit peculiar to itself and by which it effects marvelous cures even when other preparations fail. When you buy your spring medicine get the best, and that is

HOOD'S

### Relief In One Day.

SOUTH AMERICAN NERVINE relieves the worst cases of Nervous Prostration, Nervousness and Nervous Dyspepsia in a single day. No such relief and blessing has ever come to the invalids of this country. Its powers to cure the stomach are wonderful in the extreme. It always cures; it cannot fail. It radically cures all weakness of the stomach and never disappoints. Its effects are marvelous and surprising.—It gladdens the hearts of the suffering and brings immediate relief. It is a luxury to take and always safe. Trial bottles 15 cents. Sold by J. E. Mills, Druggist, Middletown, N. Y.

Matilda Enham, Columbia, Pa., says: "That Bearing-Down Feeling and dizzy, faint, gasping attacks left me as soon as I began to take *Lydia E. Pinkham's* Vegetable Compound. I was sick with womb troubles so long I thought I never could get well."

### Before the Quiz Class.

Hon. Gilbert O. Hulse's lecture on Surrogates practice before the Quiz Class, Tuesday evening, was listened to with interest by many besides members of the class and is said to have been one of the best addresses in the class' course.

### The Turn of the Tide.

The doctor put up his watch

The anxiety of many long days and sleepless nights were at an end, and it was with a sigh of infinite relief that he turned and exclaimed:

"The crisis is past!"

Hurriedly leaving the building, he took the first car down town and at five minutes of 3 entered the Seventh bank, and to the astonishment of the teller took up his note. It was as a last resort that he had put up his watch.—New York World

### Neglected Opportunities.

At an evening party a lady said that she had had a quarrel with her husband but had made it up again and to commemorate the event had planted a sapling.

"There, you see," whispered the wife of a wealthy landowner in a tone of reproach to her husband, "if we had done that, what a splendid avenue of trees we should have by this time."—Bochumer Zeitung

### Handicapped.

Tramper—Don't go in that house.

Rags—Why not? Won't they give you feed?

Tramper—Plenty of it and good, but they handicap it.

Rags—How?

Tramper—They make you wash before meals.—Detroit Free Press

### To Make Pure Blood.

There is no medicine before the people equal to Hood's Sarsaparilla It is the standard spring medicine and blood purifier and it possesses peculiar merit which others try in vain to reach. It really makes the weak strong. Do not neglect to purify your blood this spring. Take Hood's Sarsaparilla now.

HOOD'S PILLS become the favorite cathartic with every one who tries them. 25c. per box.

### Are Your Hands Chapped.

If so, go to any drug store and ask for a free sample of Liquid Franconia, a new preparation for chapped hands. Large bottles, 25c.

### COUGHING LEADS TO CONSUMPTION.

Kemp's Balsam will stop the cough at once. Go to your druggist to-day and get a sample bottle free. Large bottles, 50 cents and $1.00. Go at once; delays are dangerous.

### Nine Months In Bed, Cured In Twenty Four Hours.

T. J. Blackmore, of Haller & Blackmore, Pittsburgh, Pa., says: "A short time since I procured a bottle of "MYSTIC CURE." It got me out of the house in twenty-four hours. I took to my bed with Rheumatism nine months ago and the "MYSTIC CURE" is the only medicine that did me any good. I had five of the best physicians in the city, but I received very little relief from them. I know the "MYSTIC CURE." to be what it is represented and take pleasure in recommending it to other poor sufferers." Sold by J. E. Mills, druggist, Middletown, N. Y.

# CARPET TALK.

Talk is cheap, but it takes money to buy carpets; but what we want to impress on the minds of the readers of this paper is that it does not take much money to buy your carpets from us, this spring. When you can buy a 1st-class Smith's Moquette for $1 per yard, and the 2d quality for 75 cents, the very best 5-frame Body Brussels for $1, and all other grades in proportion, it seems as if every one ought to have a new carpet this spring. You will be more convinced of this when you see our new spring styles. Our line of Axminsters are "out of sight." We never before showed such a line of carpets in the 22 years we have been in business.

## VIOLATED HER PAROLE.

### Maggie Crans Returned to the Hudson House of Refuge.

Mr. Fox, an official from the House of Refuge for Women at Hudson, was in town, to-day, looking for Maggie Crane, who was paroled from the institution about a year ago. She has failed to report as required and besides it came to the knowledge of the officials that she has become a mother since her return to Middletown.

The officer was sent to arrest her and return her to the House of Refuge.

Maggie was found without any difficulty by the police and turned over to Mr. Fox.

## COURT PROCEEDINGS.

### Personal Damage Suits Against Newburgh and the Central-Hudson Railroad—Work of the Grand Jury.

The suit of Mrs. Annie Reall against Newburgh city, to recover damages for injuries sustained by falling on an icy walk, was tried in the morning. Jury was still out when court adjourned, at 9 p. m., and an agreement seemed impossible.

Thomas Lamey was given a verdict for $225 against the Central-Hudson Railroad Company, for injuries to his team on a West Shore crossing in Newburgh.

The next case was that of James Reed against the Central-Hudson to recover damages for being run down by a West Shore train while driving from Marlborough to Newburgh. Case on when report closed.

The Grand Jury completed its work yesterday. Nineteen cases were considered, and fifteen indictments found. Bills were found as follows against persons in custody:

Samuel Ashley, Middletown, burglary in third degree.

Phebe Ashley, wife of the above, receiving stolen goods.

William Hicks, colored, of Chester, assault in second degree, on Otto Martin.

William T Field, burglary in third degree, robbing house of Thomas H. Baker, in town of Crawford.

Judson Often and Sid Brown, burglary in third degree, robbing First Congregational Church, this city.

R. A. Malone, Jr., and James Hines, burglary in third degree, robbing store of Pronk & Foster, in this city.

John Buchanan, Michael DeLaney and William Deyo, burglary in third degree, robbing house of Virginia Rogers, town of Newburgh.

Assistant District Attorney Powelson has received a letter signed by Hines, Malone, Often, Brown and Field, stating that to save the county expense they would plead guilty and desired to be sentenced at this term of court.

## IMPORTANT BUSINESS CHANGE.

### Crane & Swayze Lease the Wickham Coal and Lumber Yards.

Messrs. Crane & Swayze, the proprietors of the Henry street coal and lumber yards, have leased of Mr. John H. Drake the coal and lumber yards on Montgomery street, known as the Wickham yards, and, this morning commenced to remove. The lease carries with it the option of purchase.

The feed mill connected with the property will be retained by Mr. Ketcham.

Mr. Crane engaged in the lumber business ten years ago with Mr. C. K. Gordon, the owner of the James streeet property. Five years ago Mr. Swayze purchased Mr. Gordon's interest in the business, which has grown to such an extent that more room was needed, hence the change to the other yard, which gives larger coal pockets and lumber sheds and more storage room in the yard, beside a large stable for the accommodation of the firm's teams on the premises.

The lease also includes the planing mill, which, with increased storage room, will give the firm the advantage of buying lumber in large lots and serving to customers as desired.

## MEDICAL STUDENTS AT THE ASYLUM.

### Dr. Talcott Entertains Members of the Graduating Class of the New York Homeopathic Medical College.

For several years past the graduating class of the New York Homeopathic Medical College has visited the State Homeopathic Hospital in this city, as the guests of Dr. S. H. Talcott, Medical Superintendent of the institution. The date usually selected is April 10th, the anniversary of the birth of Samuel Hahnemann, the founder of Homeopathy.

Yesterday, twenty-two of the fifty members of the class arrived in this city on a special car attached to Erie train 1. Carriages were in waiting, and the party was driven at once to the hospital, where Dr. Talcott received them with a short address of welcome. The party was then divided, and under the guidance of Drs. Kinney, Arthur and Hrdlicke, one section was shown through the male department of the hospital, where several very interesting clinics were shown. The other section, under the protection of Drs. Allen, Ashley and Barrus, was escorted through the female department.

Shortly before 2 o'clock the class assembled in the spacious dining room of Talcott Hall, where the following menu was the subject of more than an hour's careful consideration;

Lettuce Salad,
Roast Little Neck Clams,
Cream of Asparagus Soup,
Broiled Salmon Steak.
Potatoes Parisienne Sliced Cucumbers,
Filet of Beef with Mushrooms,
Potatoes Hashed and Browned,
French Peas, Roman Punch,
Broiled Spring Chicken, Saratoga Potatoes,
Plum Pudding. Brandy Sauce,
Cheese, Crackers, Coffee,
Fruit.

After the cigars had been passed, Dr. Talcott again welcomed his guests, and called upon the orators of the class to respond to several toasts. The President of the class of '95, Mr. E. R. Fiske, in a few well chosen remarks in behalf of the class, thanked the Doctor for the reception and entertainment he had extended to them. He was followed by Messrs. H. H. T. Noble and W. G. Crump, who spoke in terms of highest praise of the institution, the superintendent and the medical staff.

Mrs. Annie Abbott arrived at the hospital shortly after 3 o'clock, and the students were given an opportunity to "theorize" upon the wonderful performance of the "Georgia Wonder."

Several of the "tricks" were performed by one of the young men after the entertainment, and attempts were made to perform others, but without success.

The freedom of the buildings grounds and city was then extended to the young men, and they thoroughly enjoyed themselves until the time of their departure on the Wells-Fargo Express train.

## INSPECTION OF THE 24TH.

### Every Member Present—Many Criticisms and Generous Praise from the Inspector-General—The Goshen Boys' Brigade Present.

The annual inspection and muster of the 24th Separate Company was held in the armory, last evening, in the presence of a large number of spectators. For the first time in the history of the organization the company muster showed an attendance of 100 per cent., every one of the eighty-two members being present to answer "here" to the call of his name.

General F. C. McLewee, of New York, made his first appearance in the capacity of Inspector-General and was accompanied by his efficient assistant, Colonel G. James Greene, of Albany. The company was given a most thorough inspection and many flaws were found both in the appearance of the men and their work during the drill. Col. Greene took many notes during the drill and afterwards pointed out to the officers the errors which had been made and explained the remedies. The visit cannot fail to be of great benefit to the 24th, as most of the errors and flaws were in minor details. As the General remarked, "the company is a fine one and plenty of blacking has been used, but the polish has been neglected."

A type written copy of the report of the inspection will be made by Col. Greene and forwarded to Captain McIntyre at an early date.

Among the spectators present were two carloads of visitors from Goshen, among them being Rev. R. B. Clark in charge of the "Boys' Brigade." The little fellows seemed to enjoy the ceremony of inspection and the evolutions of the drill, particularyly when the company was ordered to lie down and fire several volleys at an imaginary enemy.

Gen. McLewee and Col. Greene will inspect the 19th Separate Company at Poughkeepsie, this evening.

### INCIDENTS AND HAPPENINGS IN GOSHEN.

### New Members of the S. of V.—Taken to the Penitentiary—Sermon to Cataract's—Home from Yale College—Pastor White Returned—Third Game With Monticello Bowlers.

From Our Regular Correspondent.

—At the meeting of Maj. Murray Camp, S. of V., last night, four new members were mustered in.

—Officer Whidden, yesterday, took William Kinney, of Port Jervis, to Albany, and left him at the penitentiary to serve a sentence of four months imposed by Justice Sweezy for being drunk and disorderly.

—B. L Brice, manager of the Prudential Insurance Co., has opened an office in the store of Horton & Dean.

—Rev. R. B. Clark will preach his annual sermon to Cataract Engine and Hose Co., on Sunday evening, May 19th.

—Twenty-five members of the Boys' Brigade of the Presbyterian Church were the guests of the 24th Separate Co., of Middletown, at the armory, last evening.

—Mr. Lang Murray, of Yale College, arrived home, yesterday, for the Easter vacation and to attend the wedding of his sister, Miss Katherine, which occurs next Tuesday afternoon.

—Conference has returned Rev. S. F. White to the Goshen M. E. Church for another year. This meets the approval of every member of the congregation and of the people of the whole community.

—A successful entertainment, followed by a supper, was given, last night, in the A. U. M. P. Church. The proceeds are for the benefit of the pastor, Rev. John Wesley Green.

—The third series of bowling games between Monticello and Goshen teams will be played at Midway Park, Saturday night. Each team has won a game, one having been played at Monticello and the other Goshen.

### Holy Week and Easter at James.—Good Weather for Snakes—The Advantages of Keeping One's Mouth Shut When We Sleep and When We Wake.

From a special correspondent.

—The Holy Week services of St. James's Church are as follows: Morning prayer every day except Good Friday at 9:30 a. m., evening prayer, on Thursday, Friday and Saturday at 7:30 p. m. On Good Friday morning prayer will be read at 10:30 a. m., the three hours' devotion will be held from 12 m. to 3 p. m., and evening prayer at 7;30 p. m. On Easter Sunday, there will be a celebration of the Holy Communion at 7:30 a. m., morning prayer will be said at 9:30 a. m., followed by a second celebration of the holy communion at 11 a. m. The children's choral service will be held at 4 p. m. and evening prayer at 7:30 p. m. The offertory on Easter morning will be devoted to missionary work in the diocese of Utah and Nevada.

—The younger girls of St. James's congregation have been formed into a society designated at the Junior Missionary Auxiliary. They held their first meeting in the chapel Tuesday afternoon, at 3 o'clock.

—The first warm, spring weather has brought out an unsual number of garter snakes. Fifteen of them were killed in a very short space of time in the South Street Cemetery, yesterday.

—One of the local papers lately noticed the fact that sleeping with one's mouth shut is calculated to prolong one's life considerably. Now if one could only become so perfect that he could keep his mouth closed not only when he was asleep, but also a good part of the time when he was awake, he might stand some chance to have a happy life as well as a long one. To be sure it is at times a relief and, in extreme cases, nothing short of a safety valve to open the door of one's life; it seems to save one from spontaneous combustion or some such dreadful thing, but on the whole, it is mortifying to look back over our lives and remember how much oftener we have had cause to be thankful for having kept our mouths shut than for having opened them.

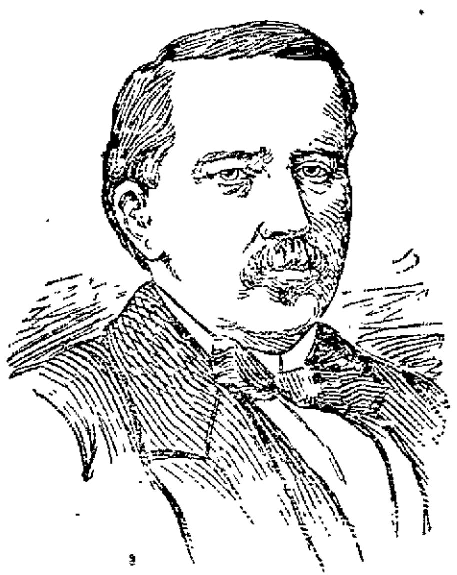
## GIVES UP THE STRUGGLE.

**Zorilla Will No Longer Battle For a Republic In Spain.**

The prevailing political complications in Spain are increased by the announcement made a few days ago that Senor Manuel Ruiz Zorilla, the exiled Republican patriot, has permanently retired from active politics. The loss to the Republican party of Spain is particularly serious, coming as it does so closely after the retirement of that other leader, Senor Castelar, who alone ranked with Zorilla in influence and intellect. Zorilla is an old man now, though only 61, broken in health and courage, having in the recent death of his beloved wife sustained an affliction that seems to deprive him of all ambition and interest in life.

Zorilla was elected to the Cortes at the age of 22, and soon gained distinction for his eloquence and patriotism. In 1860 he was forced into exile, owing to participation in the revolt of that year, but after the fall of Queen Isabella he returned, and as president of the parliament successfully advocated the Duke of Aosta's candidature to the throne. He went to Italy to summon the duke, on whose accession as Amadeo I, Zorilla became prime minister and received, almost alone among nonroyal personages, the famous Order of the Annunziata.



MANUEL RUIZ ZORILLA.

During the time that he held office he extended to the Spaniards liberties which they had not formerly enjoyed and carried out many beneficial reforms. His actions then as a statesman and a reformer gained for him a lasting popularity, but before he had time to pass or develop all his projects more political upheavals disturbed the country. Amadeo abdicated, and Zorilla accompanied him to Portugal. Presently he returned to Spain; but, having now allied himself with the Republicans, he was again ordered to leave the country and in 1875 went to Paris.

From that time until his return to Spain the other day, from what since 1879 had been a voluntary exile, he lived in England, France or Switzerland and is believed to have been the instigator of every conspiracy that has disturbed the peace of Spain.

"My faith in the triumph of the republic," Zorilla declared some time ago, "is greater than ever, because never has the situation of the country been so clear, nor the monarchists so impotent. The monarchy is hated by a great part of the Spanish people, timidly defended by its most ardent partisans, tolerated only for fear of greater evils by an important part of the population, who never venture to say in public what they say by their firesides and to their friends."

### "Home, Sweet Home."

"Home, Sweet Home," Payne's song, was originally a number in the opera "Clari, the Maid of Milan," a production brought out in 1823. The opera was a failure, and nothing is now known of it save the one song, which became instantly popular. Over 100,000 copies were sold in the first year of its publication, and the sale in one form or another has been constant ever since the first appearance of this beautiful theme. The melody is a Sicilian folk song and was adapted to the words by Payne himself.

**Rebecca Wilkinson, of Brownsvalley, Ind., says: "I have been in a distressed condition for three years from nervousness, weakness of the stomach, dyspepsia and indigestion until my health was gone. I had been doctoring constantly with no relief. I bought one bottle of South American Nervine, which did me more good than any $50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely medicine; a few bottles of it have cured me completely. I consider it the grandest medicine in the world." ## From LaGrippe.

**How Dr. Miles' Nervine Restored One of Kentucky's Business Men to Health.**

NO DISEASE has ever presented so many peculiarities as LaGrippe. No disease leaves its victims so debilitated, useless, sleepless, nerveless, as LaGrippe.

Mr. D. W. Hilton, state agent of the Mutual Life Insurance Co., of Kentucky, says: "In 1889 and '90 I had two severe attacks of LaGrippe, the last one attacking my nervous system with such severity that my life was despaired of. I had not slept for more than two months except by the use of narcotics that stupefied me, but gave me no rest. I was only conscious of intense mental weakness, agonizing bodily pain and the fact that I was hourly growing weaker.

When in this condition, I commenced using Dr. Miles' Restorative Nervine. In two days I began to improve and in one month's time I was cured much to the surprise of all who knew of my condition. I have been in excellent health since and have recommended your remedies to many of my friends."

## SILVER IN POLITICS.

### THE WHITE METAL IN THE NEXT PRESIDENTIAL CAMPAIGN.

**The Country Is Manifesting Great Interest In the Opinions of Prominent Men of Both Parties In the Legislature—Senator Don Cameron's Ideas.**

The interest that is thus early manifested in the next presidential campaign is indicative of a warm contest, but it is curious to notice that this interest centers not so much in the candidates as in the principles of the campaign. It is indeed rare that within about a year of the nominating conventions so little is said of men as candidates and so much about what is involved in the controversy. It appears as if the issues were to be settled first, and then the search would be made for men to represent them.

A politician in Illinois, a member of congress and a Republican, has outlined what he believes is quite likely to take place. He assumes that a large majority of the people of the west and south are in favor of restoring silver to the position it held in 1872. Whether this be true or not it furnishes the basis of his calculation. He says that within 60 days after the meeting of the new congress a free silver coinage bill will be passed and presented to the president; that it will be vetoed, which will put the Republican party in the position of favoring domestic bimetallism, and the Democratic party, in so far as the action of its president can do so, in opposition to it; that the Republican national convention will adopt a resolution favoring the unlimited coinage of silver, which will force the Democrats to either "straddle" or oppose it, which will result in the election of a Republican president.

This is a very pretty plan, but what will the next congress do with the president's veto of an unlimited coinage bill if it passes congress? It is altogether probable that the Republican free silver contingent, with the silver Democrats, could pass the bill over the president's veto. If this should be done, the silver question would be settled so far as free silver agitation is concerned. If, on the other hand, it could be done, but was not, how could the Republicans pose before the country as the champions of unlimited coinage?

It is not probable that either party will allow itself to be led into a cul de sac of this kind on the silver question, but rather that the delegates at its next convention will outline each party's policy and commit the party to it in the platform. Both parties in the eastern and middle states are practically solid in opposition to free silver, although two Republican senators, one from New Hampshire and one from Pennsylvania, are believed to be in favor of unlimited coinage. Individuals may express their preferences, but it is not probable that either party will take a positive stand on the silver question before the conventions of 1896 adopt and publish their platforms.—Chicago Record.

### Senator Cameron and Silver.

Don Cameron has presidential aspirations. He can have the silver nomination by the mere nod of his head. This, we are told, he does not care to have. At any rate, not as things stand just at this time. The Republican nomination is what he is after. He is a thorough believer in the idea that if the Republican party could be polled it would be found to be overwhelmingly for silver. He maintained this position all the way through the last congress. He told Senators Teller, Wolcott, Mitchell and the rest of the silver Republicans in congress that he would bet his last dollar on the assertion that Pennsylvania was as strongly silver as she was for a protective tariff. In response these silver men told Don that, if what he asserted were true, the thing for him to do would be to announce himself to the voters of the Keystone State as a candidate for the presidency. If he could secure a delegation to the national convention favorable to him, they would pledge him the support of the states of the northwest and the Pacific coast. It is believed that it is Don's intention to make the effort to do what his silver friends suggested.—Philadelphia Star.

### Mrs. Langtry as a Novelist.

Mrs. Langtry is writing a book. In the words of her press agent: "She is not content with the honors she has gained first as a beauty and then as an actress and has determined to achieve distinction, or, at any rate, make a brave attempt at it, in the field of literature. Mrs. Langtry has several times published short stories over her signature, but has determined to do something more ambitious and has now almost completed a novel of social life, the scenes of which are laid on board her yacht, the White Ladye."

Du Maurier will make the illustrations, it is said, and the press agent says the novel will probably be called "The White Ladye" and predicts that it will make a stir.

# DON'T STOP TOBACCO

It is Injurious To Stop Suddenly

And don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of the use of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about "**BACO-CURO.**" It is purely vegetable. You do not have to stop using tobacco with "**BACO-CURO.**" It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An ironclad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded.

Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured. I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.

Yours very truly, C. W. HORNICK.

Dear Sirs—I have been a tobacco fiend for thirty-three years and during the past two years have used chewing tobacco very extensively. My nervous system being affected considerable. I have often tried to give up the use of tobacco, but always failed until I bought three boxes of your "Baco-Curo." I used tobacco at the same time while taking "Baco-Curo," and after a week I lost the appetite for tobacco—smoking or chewing. I am enjoying better health, and consider your "Baco-Curo" the safest, most harmless and reliable remedy for to break the tobacco habit.

Yours truly, JOHN RODDEN,

Dear Sirs—I have used chewing tobacco very extensively the past thirty years. I tried so-called "No-To-Bac" and other remedies, but without success until I bought three boxes of your "Baco-Curo." I continued chewing tobacco while taking the preparation and find that the horrible craving for tobacco has left me, and I consider myself cured. I can fully recommend "Baco-Curo" to any person wishing to break themselves of the tobacco habit.

Gentlemen—Last summer I furnished Mr James Reid, of the town of Burnside, Trempealeau Co., with three boxes of your "Baco-Curo." He had chewed tobacco for over forty years and the last year used over sixty-five pounds. He commenced using "Baco-Curo" and one box did not have the effect, when he had used about one-half of the second box, he began to lose his taste for tobacco, and when he had used one-half of the third box he had lost all his appetite for it, and is now entirely cured.

Yours truly, J. C. TAYLOR, Druggist.

TO WHOM IT MAY CONCERN.

This is to certify that I, William S. Sawyer of Atlantic, County of Cass, State of Iowa, having been an inveterate smoker of tobacco, bought three boxes of "Baco-Curo" Dec. 21, 1894. Began taking same according to directions and can say that I am completely cured of the tobacco habit. "Baco-Curo" is simply wonderful and I recommend it to all who are slaves to the tobacco habit and wish to be cured. I am in perfect health and have not felt so well in years. That terrible craving, which every tobacco user has more or less, has completely disappeared and I feel like a new man. Hoping that this may do some one good and lead them to try this wonderful remedy, "Baco-Curo," I remain, Yours truly,

Gentlemen—For forty years I used tobacco in all its forms. For twenty-five years of that time I was a great sufferer from general debility and heart disease. For fifteen years I tried to quit, but couldn't. I took various remedies, among others "No-To-Bac," "The Indian Tobacco Antidote," "Double Chloride of Gold," etc., etc., but none of them did me the least bit of good. Finally, however, I purchased a box of your "Baco-Curo" and it has entirely cured me of the habit in all its forms, and I have increased thirty pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a quire of paper upon my changed feelings and condition.

Yours respectfully, P. H. MARBURY,

## WHAT MR. KRAEMER SAYS OF "BACO-CURO."

ATLANTIC, Iowa, Feb. 4, 1895.

This is to certify that I, F. D. Kraemer, of Atlantic, Iowa, was an inveterate smoker of cigarettes for more than two years.

About eight weeks ago I bought three boxes of "Baco-Curo." I began taking it according to directions, and after taking one and one-half boxes, all the desire for cigarettes left me, and I have had no desire since.

I can heartily recommend "Baco-Curo" to all who are slaves to the cigarette habit or tobacco habit in any form, and are in search of a cure. I had become so under the influence of cigarettes, I could not remember anything; could not study, unless under the influence of the drug, which is death in the end, if kept up.

Cigarettes are sapping the lives out of more boys and young men to-day, than anything that is known to the world. Boys, before it is too late get some of this remedy that killed the craving for cigarettes in me and save your young life. Restore yourself to manhood. You will feel as though you had escaped an awful doom, and you have, when cured by "Baco-Curo," for you feel like a new being. I never felt better in all my life than at this present writing. I did not know what was the matter with me, until informed by the agent. He told me what was the reason I could not do anything unless under the influence of the death-dealing poison found in cigarettes. I did not believe him at first, until he explained the action on the system. Then I bought the goods and thank God and all concerned. I am a sound person to-day. Hoping this may reach the unfortunate cigarette smoker, I remain, Yours respectfully,

F. D. KRAEMER.

## THE PLAY.

Lo! 'tis a gala night
  Within the lonesome latter years!
An angel throng, bewinged, bedight
  In veils and drowned in tears,
Sit in a theater to see
  A play of hopes and fears,
While the orchestra breathes fitfully
  The music of the spheres.

Mimes, in the form of God on high,
  Mutter and mumble low
And hither and thither fly.
  Mere puppets they, who come and go
At bidding of vast, formless things
  That shift the scenery to and fro,
Flapping from out their condor wings
  Invisible woe!

That motley drama! Oh, be sure
  It shall not be forgot!
With its phantom chased forevermore
  By a crowd that seize it not,
Through a circle that ever returneth in
  To the selfsame spot,
And much of madness and more of sin
  And horror, the soul of the plot.

But see, amid the mimic rout,
  A crawling shape intrude!
A blood red thing that writhes from out
  The scenic solitude!
It writhes—it writhes with mortal pangs!
  The mimes become its food,
And the seraphs sob at vermin fangs
  In human gore imbrued.

Out, out are the lights; out all!
  And over each quivering form
The curtain, a funeral pall,
  Comes down with the rush of a storm,
And the angels, all pallid and wan,
  Uprising, unveiling, affirm
That the play is the tragedy "Man,"
  And its hero the conqueror, worm.
—Edgar Allan Poe.

## ASBESTUS MAKING.

### Preparing the Mineral For Its Many Important Uses.

If any readers have ever made the acquaintance of asbestus at all it, has no doubt been in the shape of backing to a gas stove or a firebrick. Very few people outside the trade know what enormous quantities are utilized where machinery is used. The business done in domestic asbestus is a mere bagatelle compared with that got through in packing for steam boilers and engine pistons.

Asbestus in its original state is a fibrous mineral indigenous to Canada and other places and is sent over here in lumps like pieces of raw slate on the top and bottom, while the sides are covered with a fluffy substance—the fiber, when it is pulled from the bulk. You can pick each lump to pieces with your nails, although to look at it one would think that nothing less than a heavy hammer would make any impression on it.

When it reaches the factory, it is put into crushers. These are like the ordinary mortar mixers that you see where building operations are going on, and the resulting gritty, fluffy mass is thrown into what is termed a "devil."

The devil tears it up with sharp prongs and then sifts the grit from the fluff. The former is used for mixing with the asbestus in other processes, while the latter is shot into a receptacle that reduces it to a consistency almost as fine as cotton wool. As it falls from this machine it looks for all the world like snow.

In other departments the raw asbestus is crushed and then mixed with certain earths to be used for covering the outer surfaces of steam boilers, asbestus being a nonconductor of heat.

Then, again, large quantities of millboard are made for packing between fireproof doors and articles of that description, while occasionally it goes to form one of the main constituents in a fireproof theater curtain.—Pearson's Weekly.

### Kleptomania.

To believe a French writer, there are no fewer than 4,000 women caught every year in stealing during their shopping expeditions, a habit euphoniously styled kleptomania. The number of titled ladies seized with this strange malady while examining the fashions of Paris, he tells us, is almost incredible. Among the most recent culprits were a Russian princess, a French countess, an English duchess and the daughter of a reigning sovereign. As a rule, these more distinguished offenders are let off on the payment of a round sum for the relief of the poor, and when the shoplifter is known to be rich the sum exacted rises to as much as 10,000 francs. The police authorities consent to this sort of condonation.—Baltimore Sun.

### Where the Best Horses Are Found.

The best driving and carriage horses come, I think, from Maine and Vermont, being tougher, as a rule, than the Kentucky horses and no less intelligent. High steppers for the most part are natives of Maine or of Canada. Western horses, especially those from Indiana, Iowa and Ohio, are corn fed and soft, and they often lack that "quality" which the Kentucky horses derive from the thoroughbred strain in their blood. The best hunters, perhaps the best combination saddle and harness horses, come from the Geneseo valley, where there is a great deal of good blood, and where real fox hunting is pursued.—Century.

## APPOINTMENTS AND DISAPPOINTMENTS.

### Pastors of the New York Conference Assigned to Their Flocks—Dr. Darwood Not Returned to St. Paul's—Sent to New York as Dr. Wright's Assistant

Bishop Newman, at the evening session of the New York Conference, yesterday, announced the appointments for the coming conference year.

Dr. Darwood is not returned to St. Paul's, Middletown. He becomes assistant pastor of the Bedford Street Church, New York, of which he was pastor in 1882, '83 and '84. Dr. Clark Wright, his counsel in the trial before the ministerial committee in this city, is pastor of the church to which Dr. Darwood now goes as assistant.

Rev. Frank L. Wilson, who has been appointed to succeed Dr. Darwood as pastor of St. Paul's, is one of the strong men of the Conference, who has acquitted himself well in every charge to which he has been assigned and whose ability, high Christian character and fine pastoral record have won for him recognition and reward.

He comes to Middletown from the Forty-third Street Church, New York city, where he served the full term of five years. His first pastorate was at Ashland, where he served one year; he was two years at Croton; two at Windham, three at the First Church in Hudson; three years at the Washington Street Church in Poughkeepsie; three years at Tarrytown; one year at Grace and five years at the Forty-third Street Church in New York city. It will be seen that with the exception of his first three years in the ministry Mr. Wilson has had important charges.

The appointments are as follows:

## THE CITY RESERVOIRS

### Raised by Recent Rains—Highland Lake Higher Than Ever Before

The recent rains had the effect of raising the water in the city reservoirs very considerably.

There are now eleven feet, eight inches of water in Highland Lake, a gain of one foot since March 27th. The lake is now four inches higher than ever before.

Monhagen Lake stands at twenty-two feet, four inches, a gain of fifteen inches since March 27th.

The quantity of water stored is fully fifty per cent. more than ever before at this time of the year.

ECZEMA ON LIMBS

How a Missionary Suffered. Death Only Relief Expected. Speedily Cured by Cuticura.

I have been troubled with chronic Eczema on my limbs. The itching was very annoying and made me unfit for work. I had tried many remedies and consulted a good physician, who prescribed for me nine months with no permanent relief. I gradually grew worse and worse. Death would have been a relief, and it was the only relief I expected. Just then my wife (I thank God for a good one) found the book you sent in some out of the way place and read it through. She discharged the attending physician and said we would try the CUTICURA REMEDIES. I began to use them about the middle of last August, procuring a new supply when the first was exhausted. I am now well and attend to my missionary work. I am Secretary of the Sullivan County Bible Society (portrait inclosed). Have been engaged in missionary work in the county for eighteen years. To recommend the CUTICURA REMEDIES to suffering humanity will be a part of my mission of work in the future.

REV. MASON GILLESPIE,
P. O. Box 11, Dougan, Sullivan Co., N. Y.

CUTICURA WORKS WONDERS

The almost miraculous cures daily effected by the CUTICURA REMEDIES prove them to be the greatest skin cures, blood purifiers and humor remedies ever compounded. No statement is made regarding them not justified by the strongest evidence. People in every walk of life use them and recommend them. Their wonderful popularity and sale are due to the cures effected by them, and this is the most substantial evidence of their curative value. Sale greater than the combined sales of all other blood and skin remedies.

Sold throughout the world. Price, CUTICURA 50c; SOAP, 25c; RESOLVENT, $1. POTTER DRUG AND CHEM. CORP., Sole Proprietors, Boston.
